

## **FURTHER UPDATE ON GUIDELINES FOR IMPORT AND MANUFACTURE OF MEDICAL DEVICES.**

**Dated: 28/4/2006**

Representations were received from many associations of medical devices stating that the period of sixty days from 1<sup>st</sup> March, 2006 upto 30<sup>th</sup> April, 2006 is entirely too brief and may be extended so that the applicants are in a position to comply with the requirement of various documents required to be furnished alongwith the application. The Government of India after careful consideration has agreed to extend further the period to make application for import and registration of medical devices by another sixty days (coming to an end on 29<sup>th</sup> June, 2006).
